EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael O'Neill on 3/27/2007. The application has been amended as follows:

Cancel claims 2-6, 8-9, 11-15, 17-23, 25-26, 28, 30, and 33.

In claim 16, replace "a program which allows" in lines 1-2 of claim 16 with – having program instructions recorded thereon to allow –.

Allowable Subject Matter

2. Claims 1, 7, 10, 16, 22, 24, 27, and 29 are allowed over prior art of record. The following is an examiner's statement of reasons for allowance: Walker (US 6510413) discloses a client/server system having text-to-speech capability at the server for converting text document into speech for the user at the client device. Walker fails to specifically disclose storing the synthetic voice data at the server, forming a data by adding into the obtained data an identifier indicating the location where the synthetic voice is stored, and acquiring the synthetic voice data from the location indicated by the identifier. Furthermore, it would have not been obvious to one of ordinary skill in the art at the time of invention to modify Walker in order to obtain the

claimed invention. Therefore, claims 1, 7, 10, 16, 22, 24, 27, and 29 are allowed over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
